The Pierre Ranch

2 Bedrooms up and 3 Bedrooms Down

Not your average open-concept floorplan! The Pierre 1885 offered by Nelson Builders features a unique layout centered on the stunning upgraded kitchen. Many upgrades including chefs gas cooktop and stainless hood vent, large pantry, hidden undercabinet outlets and LED lighting. Look over your large center island into the great room, with a feature wall of built-in custom lower cabinets with long mantle and ship lap to the ceiling with a electric linear fireplace. Main floor laundry walks thru to the primary closet and luxurious primary suite with walk-in shower and dual sinks and a decorative arch. The unique open staircase is adorned with windows beckoning you to head down into the walkout basement featuring a spacious rec room complete with wet bar. You'll also find 3 more bedrooms, and 3/4 bath with double vanity on this level.
